## AMENDMENT

In response to an Office action dated 1/16/2003 please amend the above-identified application as follows:

## IN THE CLAIMS:

- 1. (Currently Amended)** A storage system comprising:
- one or more pages, where each of the pages includes a front face and a back face, and where each page of the pages includes at least
- one or more storage-device-holding spaces adapted to hold a plurality of storage devices; and
  - a holder arrangement formed within the page, or attached to the page, along more than one direction in plane of the page, that creates separate descriptive matter media-holding spaces, each in association with a respective one of said storage-device-holding spaces.
- 2.** The storage system of claim 1 where each of said storage-device-holding spaces is a cavity that is accessible from a chosen face of said page.
- 3.** The storage system of claim 2 said cavity is generally cylindrical.
